FUNDS NEEDED TO BUILD AND EQUIP THE CHILDREN'S HOSPITAL

Saint George Children's Hospital requires funds in the amount of \$6.25 million as follows:

- + Construction: \$2.750.000
- + Support Services: \$2.000.000
- + Equipment and Furniture: \$1.500.000

The objective of the American Foundation for Saint George Hospital, Inc. is to raise \$4.25 million for the hospital and \$1 million for the Children's Endowment Fund for needy patients. Saint George Hospital has raised \$2 million locally. The Foundation has recently donated two greatly needed, new, life-support ambulances.

Our vision of compassionate, quality health care could not be achieved without gifts to the hospital each year from corporate donors and individuals. Every dollar received helps the hospital stay abreast of rapidly changing science and technology. Each financial gift goes to the people of Lebanon and the region through improved health care. We greatly appreciate the generous support of donors in providing for the much needed medical services of children.
